Subject: Reclamation Surety and Assessed Fine, Bown Stone Products, Inc., Desert Sienna Quarry, S/015/0093, Emery County, Utah

Dear Mr. Bown:

The Desert Sienna quarry was partially reclaimed in the fall of 2013 and all but \$6,000.00 of the reclamation surety was returned. The remaining surety can be released if the vegetation meets revegetation success standards in 2016. Please examine the vegetation in the early summer or later, determine whether it meets reclamation standards, and, if it does, apply for release.

In 2013, the Division of Oil, Gas and Mining issued cessation order MC-2013-42-02 for failure to maintain the proper amount of reclamation surety. According to the Division's records the civil penalty (fine) associated with the cessation order (\$176.00) has not been paid. This amount is reduced from the original fine amount of \$880.00. Please pay the fine of \$176.00 by December 31, 2015. The Division will not release the reclamation surety until the fine is paid.

Please contact Wayne Western at 801-538-5263 or me at 801-538-5261 if you have any questions or concerns regarding this action. Thank you for your cooperation.

Sincerely,

Paul B. Baker
Minerals Program Manager
